

## **Summer Training Programme 2018 (May - June)**

The Indian Institute of Integrative Medicine (IIIM) is a national Institute of the Council of Scientific & Industrial Research (CSIR) of India with primary focus of research on drug discovery from natural products- medicinal plants and microbial species.

The Technology Business Incubator (TBI) at IIIM, Jammu is a state-of-the-art national facility for manufacturing herbal drugs, phytopharmaceuticals & traditional medicine in the form of capsules, tablets, syrups under GMP (Good Manufacturing Practices) conditions. The research at TBI focuses on microbial biodiversity leading to the production of novel bioactive compounds for human health and biofertilizers, biocides and gluconates for enhanced agricultural yield. The NABL accredited laboratory conducts quality control and quality assurance of agricultural produce, nutraceuticals, medicinal and aromatic plants and herbal formulations. IIIM-TBI also has a well-equipped GLP *in-vivo* laboratory (animal facility) to conduct preclinical studies for drug discovery and development.

Applications are invited for two- month (May-June, 2018) summer training programme from the students pursuing M.Sc / M.Pharm / M.Tech / B.Pharm / B.Tech / B.Sc in any branch of Life Sciences/ Biological Sciences / Chemical Sciences / Pharmaceutical Sciences from Universities/ Institutions/ Colleges of repute to carry out their project in the following focus areas –
